Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Springbrook Water Reclamation Center Expansion Project in Fiscal Year 2026. The entity to receive funding for this project is the City of Naperville, 400 South Eagle Street, Naperville, IL 60540.

The funding will be used to partially cover the cost of expanding and upgrading the water treatment plant to remove grit and sludge. The project is an appropriate use of taxpayer funds because it will extend the life of the facility and ensure all water discharged into the DuPage River is in compliance with state and federal regulations.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Bill Foster
Member of Congress
