CONSTITUENT SERVICES

“

Congressman Foster's office helped us resolve a billing issue with Social Security and Medicare that had been on-going for about four months. The office handled the issue quickly and successfully. The resolution saved my family a significant amount in excess premiums which is critical given that we are both now retired and have limited income.

“

Having filed a claim with the IRS and spending countless hours on the phone trying to get information on my claim, I finally resorted to calling Congressman Foster's office. [His caseworker] responded immediately and has been working with me for months to move my claim forward. His assistance has been invaluable in finally getting my tax refund 479 days after it was sent and lost.
